Alice,

If I cannot attend, could I send someone from my office in my stead?

John

Dear Lower Passaic River Stakeholder,

This is to invite you to a meeting to discuss the alternatives being evaluated for the clean-up of the Lower 8 Miles of the Passaic River.

Date and Time: January 12, 2011 at 10am to 3pm  
Location: EPA Region 2 offices, 290 Broadway, NY, NY, Room 27D (27th floor)

As you know, EPA is evaluating the following alternatives and disposal options in a Focused Feasibility Study (FFS):

Alternatives for the Lower 8 Miles of the Passaic River:

- No Action
- Deep Dredging
- Capping with Some Dredging

Disposal Options associated with dredging and capping alternatives:

- Off-Site Disposal
- Contained Aquatic Disposal (CAD)/Confined Disposal Facility (CDF)
- Local Decontamination Technology

The FFS will result in a Proposed Plan that will describe EPA's preferred alternative for public comment. The Proposed Plan is expected to be issued in the Summer of 2011.

EPA is convening this meeting to help ensure that issues of concern to our stakeholders are identified and evaluated in the FFS.

Please respond to me at [yeh.alice@epa.gov](mailto:yeh.alice@epa.gov) if you intend to participate in the meeting; confirmed participants will receive future updates on the meeting. If you have any questions, please feel free to call me at 212-637-4427.
